

Transition day – going into Year 6!

On Monday, you will meet your new class teacher and LSA for Year 6. To get organised for this, there are some activities for you to plan/complete that will help you to get prepared for when you meet your new teacher on Monday and spend the day with them.

Please spend some for the rest of this week completing the activities. It is important that you complete them to the best of your ability as they will give your new teacher a great idea of who you are! Try to complete at least **three** of them as best as you can.

Remember to bring in everything you complete on **Monday 19th July** when you return to school.

Activity	Example of work
Activity 1 – Introducing yourself Complete a writing piece to introduce who you are. This will give your teacher a chance to get to know you and maybe for your friends to learn something about you that they do not already know. Be creative and design it in any way you wish. (See the examples in the next column). Thing you may include: • Your name (maybe a nickname too!) • Words that describe you • What you enjoy in school • What you enjoy outside of school • What makes you happy • Your plans for the summer • Questions for your new teacher	Example 1  Hey there guys, I'm Victoria - my friends and family call me Vicky (except for my 2 big brothers who call me Taff, but that's a long story) and I'm here to tell you a little about myself. Who am I and what do I do? Well first of all, words that would describe me: caring, clever, funny, adventurous, animal-loving, hard-working and organised. As well as all of these things, I am also a daughter, sister, auntie, friend, teacher and a rescuer of furry creatures - my particular favourite pet is my 13-year-old border collie, Archie. When I am not at school teaching across the school, you can find me on the net booking my next summer holiday. This summer I am off to many places: France, Spain, Jamaica and Norway. My other hobbies are reading, 'The Hobbit' is my favourite book; art, particularly photography; learning languages, I use Duo Lingo to practise my German and shopping, aren't all girls addicted to shopping? Now you know a bit more about me, I can't wait to hear all about you... Your new teacher X

Example 2

Hey there! My name is Miss Ibrahim. That's not my name at home of course! I'm here to tell you a bit about myself today like who I am and what I do. Just to give you an idea of what I'm like, some words that describe me are organised, adventurous, sensitive, creative, caring and considerate. As well as all of these I am a teacher of an amazing Year 5 class, a wife, daughter, granddaughter and sister.

I have no plans for this summer yet! However, I'd love a holiday. One of my favourite places in the world is New York City, but a beachy holiday would be ideal right now!

Next year, I am going to a new school! I am really excited and nervous – excited because I am looking forward to a fresh start and nervous because it is a lot bigger than Gordon!

What about you? Tell me a little bit about you like who you are and what you enjoy!

Miss Ibrahim 😊

This is what you created at the beginning of Year 5:

Activity 2 – Vision words

At the start of Year 5, we discussed what we wanted our classroom to look like and created our own vision display by thinking of a word and designing it.

1. Think about what you want your Year 6 classroom environment to be like and how you want others to view it when they step in.
2. Identify one word you can associate with it (e.g., creative) and design it in any way you wish.

Activity 3 – Zones of regulation

We have done lots of work on the four zones of regulation this year. Below is a reminder of the feelings each zone is associated with:

Zones of Regulation			
Blue	Green	Yellow	Red
			
Low	Happy	Wobbly	Angry
Running Slow	Good to Go	Caution	STOP
unhappy tired withdrawn tearful	positive proud calm focused	excited nervous frustrated annoyed	mad furious yelling aggressive

Your task is to complete a spiral (like the one in the example column) with the colours of each zone and write words that are linked to each zone within the spirals.

Activity 4 – your qualities

Think about all the great qualities that you have. For example, are you sporty? Artistic? Organised?

Create a name label for yourself and include six qualities about yourself. Design it as shown in the example column.

**Activity 5 – Books, books, books!**

What books would you like to read during story time in Year 6? Your amazing Year 6 teacher/s are willing to take on recommendations of books you would like them to read to you!

List five books you really want to read next year. You might want to research some story books online or search authors that you like and other books they may have written. Bring your list on Monday!

Miss Ibrahim's book list

1. *Because* by Mo Willems
2. *The Silly Book of Side-Splitting Stuff* by Andy Seed
3. *A Boy Called Hope* by Lara Williamson
4. *The Nowhere Emporium* by Ross Mackenzie
5. *The Girl of Ink and Stars* by Kiran Millwood Hargrave
