

Year 1 Remote Learning Grid

Please use this remote learning grid to direct your child's learning while school is not open.

Learning activities are listed by day, with each day consisting of an English, Maths and Topic / Science activity. Activities are designed to consolidate learning that has already taken place, while also allowing children to start to think about learning that will be taking place during the summer term. There are three activities set each day. Activities should be completed in the provided remote learning book.

Within your child's home school communication book you will find your child's user and name and passwords for specific online learning resources, which are provided by the school. These resources can be used to support the learning.

Regular Reading, Spelling and Timetables (At least 3 times per week)

In addition to the daily learning activities, your child should continue to practice their reading, spelling and timetables at least three times per week.

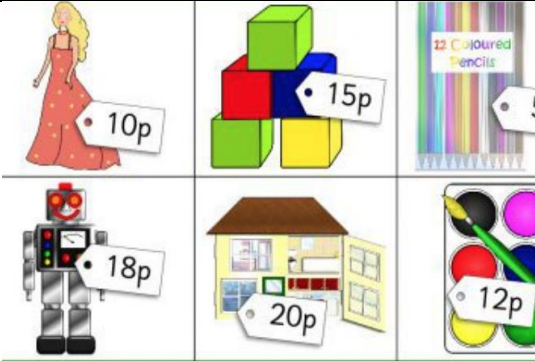

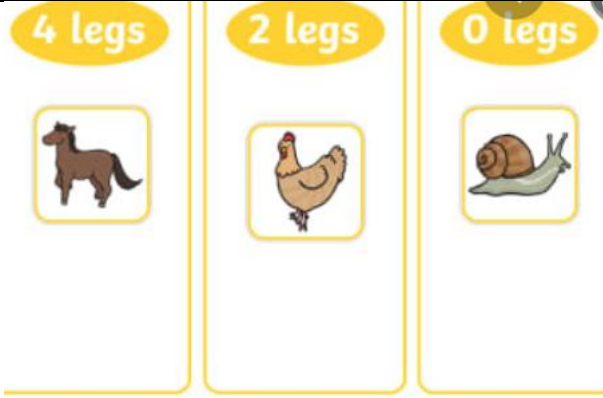

- Year group spelling lists are also available on the school's website. Your child should continue to learn words that they do not know. Please work through these lists. Advice on different ways to practice spellings is also available.
- Times tables should continue to be learnt. Your child should continue to practice counting in 2s, 5s and 10s.
- Your child has been provided with a school reading book, please continue to read this or an appropriate book, which you may have at home, with them.

Daily Learning Activities

Day	English	Maths	Topic / Science
1	We have been looking at how a character feels in a story. Read a book and choose one character from your story. It can be any book you are reading at home or you can use the book we have been looking at in class.	Children have been looking at money and different coins. Give your children coins to look at and ask these questions: - Can you order coins from smallest in value to largest? - Can you find 5 different ways to make 10p (2p + 2p + 2p + 2p + 1p + 1p) - Find different ways to make 20p - Find different ways to make 55p.	In science we have been looking at animals and seasons this spring term. Write about the four seasons. What do you see in Autumn, Spring, Summer, Winter? Can you match the months to the seasons? <u>CHALLENGE:</u> BIG QUESTION: What would happen if we did not have Autumn? Or Spring? Have a think and talk about it with an adult.

	 - How does your character feel at the start of the story? - How does the character feel at the end of the story? - Write as many adjectives for their feelings. CHALLENGE: Can you explain why the character's feelings changed? E.g. At the start he was so bored because he didn't have anyone to play with or anything to do.	CHALLENGE Can you find the easiest way to make £2.74p with the LEAST amount of coins? Can you make £5.20 using all the coins at least once. Please log in to education city: Click onto maths and complete the number bonds game:	You can log into purple mash and click on science, seasons.
2	Imagine your character will be coming to visit you! 	Children have been exploring how to add using different amounts. (E.g. $5p + 10p + 2p = 17p$) Could you give your child the coins: 1p, 2p, 5p, 10p, 20p, 50p, £1, £2 Using the different values of the coins, the children need to explore and see how many different money number sentences they can make. E.g: 1. $1p + 1p + 2p + 5p = 9p$	We have been asking scientific questions about the sun and seasons. Use these sentence starters to think of questions you would like to find out about seasons. Who What When Where Why How E.g. Why do we have different seasons? How do the seasons change?

	Think of different questions you would ask your character. Remember the question starters: Who What When Where Why How What did you like the best in the forest? CHALLENGE: Play the interview game and pretend you are the character answering these questions.	2. 5p + 10p + 2p + 50p + 1p = 68p £1 + 2p + 5p + 20p = £1.27 CHALLENGE: Jonny says, when you add lots of 5p coins you always have an even number. Asma says: When you add lots of 2p coins you always have an even number. Who is correct? Test and see to explain your answer. Purple mash , ,maths, addition and subtraction games	CHALLENGE: Think about how scientists may set about to find the answers to your question. What experiments might they do? Purple mash: science 2investigate to record your findings.
3	Edit and improve these sentences. Think about adding better adjectives and adverbs. Challenge: Add because, and, so, but to make your sentence longer. E.g. The boy ran to his friend. The little boy ran to his cheerful friend because he wanted to play. 1. The girl walked to school 2. The children got on the bus. 3. I saw a bird sitting on the tree. 4. I sat on my bed and read my book. 5. The friends played in the park.	Play toy shop games. Pick different items at home and give a price for each item (under £1 to begin with) - Can you pay for the item using the exact amount of money? - Can you buy two items and find the total? - Can you pay for two items?	Animals We looked at sorting animals in different groups. Pick 10 different animals and sort them in to groups. E.g. Animals with two legs, no legs Animals who eat meat, animals who eat plants

	CHALLENGE: Underline the nouns in red. Underline the adjectives in blue. Underline the verbs in orange. Underline the adverbs in purple. (or use any 4 colours of your choice!) Go to educationcity.com Subjects tab (left hand side) English KS1 year 1 Read, Write Inc. and practice a sound a day.	 CHALLENGE: Choose more than 2 items to buy and work out the total. Please log in to times tables rock stars for interactive times tables practice.	 purple mash: animals, information about animals. CHALLENGE: Write about the different body parts of a HUMAN and compare it with any other animal.
4	Letter writing Write a letter to a friend to tell them what you have been doing. Remember to add adjectives to describe your feelings. Verbs to say what you have been doing. (playing, reading, writing, cooking) Adverbs to describe your verbs (quietly, happily, slowly, joyfully) E.g. Dear Maryam,	Look at notes. How many different notes do we have? Can you put them in order? Try adding 3 different notes up. Add 2 notes and 2 coins. Write different addition sentences using notes and coins.	Observing animals Choose an animal you would like to observe. Find a picture on Google or a book. Observe what features your animal has. Write about the animal. Choose another animal. How is this animal similar or different to the first animal you chose? Make a list of similarities and differences. You can draw both animals to help you.

	Today I made breakfast with mummy. I put two slices of bread in the toaster. After a while it went POP! You can write your letter on purple mash "2publish" <u>CHALLENGE:</u> Choose a sentence from your letter and try and improve that sentence. Could you have used a better adjective?		Log into education city and click on animals for a range of animal activities.
5	Take a trip outside (part of your science learning too!) Write about your trip. Describe everything you saw, felt and heard. Use as many interesting adjectives. Challenge: Use verbs and adverbs E.g. I ran down the steep hill quickly. <u>IF YOU CAN NOT GO OUT..</u> Write about your best day ever! This could even be a day on holiday in another country. You can create draw a picture and write a short paragraph on purple mash, 2Publish	Take a trip to the shops together. Look at the cost of different items. Can you make a list of what you saw and the price? Can you add some of the items up and see what is the total cost? Challenge: Discuss what is change? <u>IF YOU CAN NOT GO OUT..</u> Use PurpleMash and Education City to play the toy shop game online. This allows you to calculate totals for money and work out change.	Take a trip outside. Collect evidence to show it is spring. You can take pictures or do some drawings. <u>IF YOU CAN NOT GO OUT..</u> Use EducationCity and PurpleMash to look at science and click on seasons. What research can you find out about spring?
