Remote Learning Grid

Year 6

Week Beginning 23.11.20

Day	English	Maths	Science/Topic work
1	You are going to write a formal letter to Boris Johnson about lockdown and how it has affected you and the community and how best to resolve the situation. <i>A formal letter has a number of conventions about layout, language and tone that you should follow. There are set places to put addresses and the date. How you begin and end the letter is also very important.</i> Structure <i>A formal letter has a conventional structure with addresses at the top, an opening address using 'Dear ...' and ending with a standard salutation such as 'Yours sincerely' (if you know the reader's name) or 'Yours faithfully' (if you have started your letter 'Dear Sir/Madam'). In a formal letter, the opening paragraph should outline the overall aim of the letter and the conclusion should summarise the main points. Each paragraph should link to the purpose.</i> Language <i>The language used will depend on the audience of the letter; if you are trying to persuade the recipient of a particular idea, then your language may be positive and upbeat in tone. If the letter is being used to make a</i>	Times tables Rockstars https://play.ttrockstars.com/auth/school/student	RE: 1. Why do people get married? 2. What makes a good marriage? Create a poster to show these 2 questions. Ask family members if your struggling to think about the reasons why.

	<i>complaint, the language is more likely to be formal, with emotive language to describe the experience or service.</i>		
2	Plan your letter thinking about: • What you're going to say • The key vocab • The layout of the work • Your opening and ending of the letter	Show your calculations and any working out. ① A rectangular field is 65 m long and has an area of 2730 m². What is its perimeter? Answer m $2730 \div 65 = \dots\dots\dots$ $65 + \dots\dots\dots = \dots\dots\dots$ $65 \overline{)2730}$ $\dots\dots\dots \times 2 = \dots\dots\dots$ ----- ② Six equal glasses are poured from 1.5 litres of drink. 390 ml is left. How much drink is in each glass? Answer ml ----- ③ 300 g of meat costs £2.58. How much is one kilogram of meat? Answer £ ----- ④ Large boxes of soap powder hold 1.35 kg. 3 large boxes hold 675 g more than 5 small boxes. How much does each small box hold? Answer g ----- ⑤ A watch loses 1.5 seconds every hour. How much time is lost in April? Answer minutes ----- ⑥ Alexis earns £2790 per month. She pays 20% income tax and saves 15 % of what is left. How much does she save? Answer £	Research weddings from different religions. Focus areas: • What they wear? • What the vows they make? • What they eat? • How the ceremony is conducted?

3	Write your letter thinking about the structure, vocab and what you want to say.	Times tables Rockstars https://play.ttrockstars.com/auth/school/student	From the research yesterday compare two religions of your choice. Compare the different areas researched.

4	Proof read and edit your work looking for: • Cohesion • Checking your paragraphs are broken into key areas • Check punctuation • Check spellings	Use a written method to solve each problem 1 Baby Emma weighs 4.15 kg. Baby Lois weighs 485 g less. What does Lois weigh? 4 . 1 5 - 0 . 4 8 5 Lois weighs kg 2 £1 is worth 1.25 Euros. What is £84 worth in Euros? £84 is worth Euros 3 Vince's 200 m time is 21.3 seconds. The world record is 19.19 seconds. How much faster is the world record? Answer seconds faster 4 A row of 26 patio tiles is 11.7 m long. How long is one tile? Answer m 5 A car hold 9.65 litres of petrol. 10% is used. How much is left? litres are left 6 One can of peas weighs 0.27 kg. What do 16 cans weigh? 16 cans weigh kg 7 12 football shirts cost £201 altogether. What does one shirt cost? Answer £ 8 A bus route is 47.38 km long. What is the total length of 8 journeys? Answer km	Create your own wedding invitation based around the religion of your choice.

5	Write your work up in your best writing.	Show your working. Write the answers in the box. 1 52 136 women live in a town. There are 3574 fewer men than women. adults live in the town. 2 1 litre of champagne fills 8 glasses. litres needed to fill 50 glasses. 3 3 teas and 2 cakes cost £5.95. Cakes cost 95p each. Teas cost £ each. 4 A rectangular garden is 13 m wide. Its perimeter is 76 m. It is m long. 5 635 eggs are laid. boxes of 12 are packed. 59 eggs are left. 6 60 kg of potatoes in one sack. 150 sacks on each lorry. kg of potatoes on three lorries. 7 Two thirds of a 534 km journey is left. A further 189 km is completed. km is left. 8 Adult train tickets cost £8.75 each. 2 adult and 5 child tickets cost £52.25. Child tickets cost £ .	Create your own vows based on the wedding of your choice. Think about what will be said and the promises made.
