Make some other cool things such as:

Year 6 Easter Holidays

Year 6 Easter Holidays

Year 6 Easter Holidays

- 3 Dragons den activity: if you haven't ever seen Dragon's Den you may want to ask your parents or watch youtube clips based upon dragon's den if you can. America has a similar show called shark tank.
- We would like you to design a new product that would solve a problem for someone that you know. To help you with this, think about problems around the home that your parents have, or maybe that your sister, brother or other family member or friend has.
- This product that you are designing should not be something that you can already buy or has been invented – so you will need to think outside of the box quite a bit
- 1.You should draw a detailed diagram that is labelled of your item.
 2. decide on how much you will need to build your item and how much you will sell it for – remember to make a profit but not too much
 3. You could decide upon a company name. Think about renting a factory, consider the number of employees you are going to have etc and look into the costs of this
 4. You could even actually make the product or a prototype to show what it may look like (obviously it may not actually be made out of the real resources you would like for it to be, neither may it work)

Year 6 Easter Holidays

	5. You could create and film the pitch for your item – that’s what you would say to the dragons – you may need to watch some videos to figure out how you would do this 6. You could decide how you are going to advertise – posters, radio adverts newspaper adverts, TV adverts. You could also create each of these.
4	Most important activity: These things may come in handy for your parents so try to find them  <i>April Scavenger Hunt</i> LET'S HAVE SOME FUN! SEND YOUR CHILDREN ON A HUNT FOR THE FOLLOWING: - TARTAN PAINT - TUB OF ELBOW GREASE - SKIRTING BOARD LADDER - A BUCKET OF STEAM - A GLASS HAMMER -LEFT HANDED SCREW DRIVER
