Year 4

Week beginning 09.11.20.

Day	English	Maths	Topic/Science
1	Draw a map of a magical land. Think about what you might find eg mountains, swamps, palm trees, a volcano, caves For ideas look on the internet for images of magical lands. Label different features. Add a compass in the corner. 	Directions Game Designate different sides of your living room as North, South, East and West. Decide where your partner should start. With your siblings or your carers take it in turns to give directions for the players to follow. When you are confident with these you can add the other 4 compass points. If you have a garden you can play this outside and run to the given points. Have fun. 	Sound What is sound? How are sounds made? How do we hear sounds? What do you want to find out? Investigate Sound BBC Bitesize

2	Write a description of your imaginary land, using your picture and the labels. What do you see? hear? smell? touch? Try to make your description interesting by using effective vocabulary and vary your sentence starters.	Try the following challenge cards. 	The Ear How do your ears work? Look at the diagram.  Research how the ear works. Key Vocabulary ear drum, inner outer/ ear, cochlea, pinna, stirrup sound waves, vibrations
3	Purple Mash Write a diary entry of a day in the land. How do you arrive there? Are you alone? How do you feel? What do you do?	Turns Create your own cards. Write the question on one side and the answer on the other eg Face North and make $\frac{1}{4}$ turn clockwise Where are you? East	Diwali Watch the story BBC Bitesize. Find out how Diwali is celebrated. Where is the story set? Who are the main characters? What happens?

	Remember to: • write in the first person • vary your tenses • use a range of time words	Share them with your siblings or carers.	What is the moral of the story? Fitness Warm up- suitable for outdoors Do 20 star jumps Jog on the spot for 2 minutes Stretch you right arm into the air, followed by your left arm Repeat 5 times Now throw any ball into the air and catch it 10 times Now bounce a ball and catch it 10 times Challenge yourself to see how many times you can throw or bounce a ball without dropping it Now you can complete any of these indoor exercises: 9 min exercise for kids- Home workout https://www.youtube.com/watch?v=oc4QS2USKmk
4	Imagine you meet someone. Who is it? Is it a man or woman? What does the person look like? Draw this character.	Write a list of directions for a route to follow on your map. Decide on a starting and finishing points. eg Start at the cave in the South. Head North towards the mountain.	Paolo Uccello, Niccolò Mauruzi da Tolentino at the Battle of San Romano, c. 1438-40, Rm 59  Look carefully at the white horse.

			Focus on different parts of its Body and sketch them. Focus on the shape and proportion. With your parents' permission use Youtube videos to help you practise your drawing.
5	Write a description of your character. Include what the character looks like and what his/her personality is like. Is the character friendly? Can you trust him/her?	Now look at angles. Use your directions and link them to angles. eg From North to East is 90° From East to West is 180° Now write 5 more of your own examples. 	Global Warming  Design your own poster to warn people of the effects of global warming.
